**- and a bit about the acts you personally work with at this moment?** Jireel, Fricky, Little Jinder, Lamix are some of the artists that've been shaping 2018 so far, and I'm happy to be part of their journey.

**What was the moment you decided you wanted to work with music?** When I was 17 I put on a festival, but at that point it was more about doing something we really wanted to do music wise and not that I would be working with it in the years to come. But I guess I've been working with music and art since then in one way or the other.

**What are your favourite Danish acts?** That's what I'm about to find out this weekend.. haha. No, but there's a few I've been watching.

**Best show you've ever seen hands down?** The Flying Lotus show we did at Way Out West some years ago is definitely a good memory. Also Stormzy that year!
