Morning Coffee with the Nordics returns for a new

From mx.dk: Morning Coffee With The Nordics returns with a season 2

season!

Following the success of *Morning Coffee with the Nordics*, last autumn ([watch again](#)), NOMEX are happy to introduce five new webinar sessions highlighting Nordic international success stories across a spectrum of genres & subjects.

Looked upon as one, the Nordics are the world's 6th largest market for recorded music and with a rapidly growing industry, the talent coming out of the region seems to be endless. Even several years after the first major international success, artists, writers and producers from the Nordic countries are continuing to dominate charts worldwide.

Join us every Thursday for 5 weeks from 8th April 2021, as we go behind the scenes of some of these recent successes as well as speaking to innovating music companies expanding in the region and discuss intra-Nordic collaborations with artists and labels & music industry experts. This season includes:

The graphic is a red rectangular banner. On the left is a circular logo with the text 'morning coffee with the nordics' and 'behind the scenes every Thursday'. In the center, the text reads 'Music Norway presents members of the team behind WARDRUNA featuring'. Below this are three portrait photos of Simon Füllemann, Dirk Diebels, and Margit Bøhn. On the right is a large, semi-transparent image of a person's face with horns. The NOMEX logo is in the bottom right corner.

Thursday 8th April, 10am (CET)

Music Norway presents: 'Members of the team behind Wardruna'
