Ja Ja Ja - A Nordic Affair

It comes around so fast! We're already at the end of the autumn season of the Ja Ja Ja Nordic series - but fear not, we've got a brilliant line up in store to end the season with a bang! As we do every month, we're bringing three brand new Nordic artists to your attention via our Berlin show at FluxBar - so read on to find out more... Danish pop power-house **Iris Gold** will be joining us for this show, bringing a performance packed full of energy, huge tunes and dazzling vocals. Iris will be joined by hotly tipped Norwegian newcomer **Amanda Tenfjord**, whose recent single 'No Thanks' has made her the talk of the new-music town. And the third act of the evening will be Finland's **The Hearing**, who seamlessly mixes synths with modern Scandinavian aesthetics, creating a whole new genre of melancholic melodies that you won't be able to resist.
