It feels like a lifetime since we hosted our last live Ja Ja Ja event all the way back in February 2020, and a lot has changed since then. One thing that remains the same however, is the phenomenal amount of fantastic music emerging from the Nordic countries.

As the world regains some sense of normality, we're thrilled to announce that we'll be heading to [SPOT Festival](#) in Aarhus for a much anticipated edition of our Ja Ja Ja Brunch series! If you're a professional heading to the event, and you'd like to get to know the Nordic artists and teams that are also at SPOT, then sign up below to join us for a light brunch, coffee, and a long overdue catch up. We're very happy to be producing this event in collaboration with [MXD](#) and [NOMEX](#).

Please note that capacity at the venue is limited, and we'll be serving sandwiches, coffee and juice on a first come, first served basis.
