

From mxd.dk: [MXD Networking @ SPOT] Meet ATC Management

Once again this year, we are inviting several key international industry professionals to attend SPOT Festival. All of them will be joining us at the [MXD Superball @ RADAR](#) as part of the SPOT+ programme, but until the festival kicks off on May 4th, we will be bringing you brief introductions to them, including where they come from, what companies they work for, what bands they want to check out at Spot, and much more. We look forward to seeing Matthew Greer of ATC Management.
